

A CHANCE FOR ALL !

«NIKA» Monaco Fundraising & Charity Association is seeking funds for restoration of the church St. Basil the Great, on Edka, Kulemesovo village, Vologda region.

This church was built under the Tsar's personal supervision: this is evidenced by the four Crowns of the Russian Empire: one of which was placed on the main cross, others-on the Bell Tower of the Church.

This church is unique for its miracles, his parishioners were two Saints-Rev. Joseph Zaonikievskij and the Blessed Elder Alexander Krainov. Recently, in this church appeared the image of Our Lady of Kazan radiating a golden glow as a sign of blessing.

At the beginning of the 20th century after the revolution, the church was destroyed and now restored on donations under the supervision of Archpriest Basil. The church consists of three altars: St. Basil the Great, Saint Nicholas and the Holy Trinity. This church was one of the biggest in the Vologda area preserved today and needs help to complete restoration work. Work plan and photos are attached. Financial reports and the description of work is provided.
